INTRODUCTION

We had a dream of enabling people to scuba dive in one of the most wonderful scuba diving places in the world. And now - here we are!

Dragon Dive Komodo has been created by passionate people with a common goal to ensure that all guests find what they are looking for with us, from safety, fun diving in the underwater world to exceptional hotel accommodation - all combined in one place - Dragon Dive Komodo!

It took some time, as all great things do, but after 10 years of experience, we were ready to open a scuba diving resort with ultra-competent, experienced and professional staff in Komodo National Park, one of the world's best places for scuba diving.

The story of Dragon Dive Komodo is unique and quite unusual. The two owners were coworkers in Indonesia and after visiting Labuan Bajo and diving around Komodo, they decided to open a new Dive Resort with comfortable rooms, the only ultra-big swimming pool in town for chilling (we didn't want an aquarium...), and of course the best ways to experience the world-class scuba diving offered in Komodo through daily diving and Liveaboard.

With our passion for protecting the environment we created an Eco Dive Resort with bio septic tank, tropical garden, policies to reduce paper and plastic waste no chemical fragrances and choosing organic soap and shampoo. This alongside non-smoking rooms allow us to play our part in reducing pollution and preserving the precious Komodo National Park.

We have two management structures; the Operational on site in Labuan Bajo with guest relationship management, services and scuba diving activities. All the people you will meet there are on the Operational structure.

The second one is general administration including general law and regulation, Finance, HR, Insurance, Marketing and Tour Operation.

We wish you a pleasant stay with us,

See you in Komodo,

Kevin & William (Owners)

DRAGON DIVE KOMODO

We offer a unique and personalised service with a liveaboard and daily boat, both of which have the luxuries and comforts of new boats whilst maintaining a traditional charm and a Speed Boat with 2x **250 Hp**. Our dive center is equipped with high quality Scuba Pro equipment, to allow guests to safely enjoy the incredible diving offered in Komodo National Park. Dragon Dive Komodo is a PADI 5* IDC resort in Labuan Bajo providing amazing day trips, liveaboard diving experiences, hotel accommodation and scuba diving courses taught by multilingual and experienced instructors. Our scuba diving resort including private rooms, a dorm for IDC and Divemaster courses, a swimming pool, bar & restaurant, is the only place in town where you have everything you need to make the most of your time in Labuan Bajo and Komodo National Park.

Dragon Dive Komodo is a name you can trust in the scuba diving industry. With over fifteen years of diving experience in Indonesia, Dragon Dive Komodo stands for consistently high quality at best prices.

With Dragon Dive Komodo, you will spend your days chilling in the sun, admiring the spectacular views of Komodo 's islands, diving with the famous marine life including mantas, turtles, sharks, not to mention an incredible diversity of macro life. During your stay you will also have the opportunity to travel into Jurassic Park to walk alongside the prehistoric Komodo dragons.

YOUR COURSE DIRECTOR

Jean Mi chel Pel i ssi er
Aka Ji mmy

"Jean-Michel Pelissier, born on December 21, 1964, in Ajaccio, Corsica.

I took my first dives in Corsica in 1983. I became a Federal 1st-degree instructor in 1992, achieved the status of a PADI Open Water Scuba Instructor in 1994, progressed to PADI IDC Staff in 1995, and reached the level of PADI Course Director in 2004. In 2006, I became a Tec Deep Instructor Trainer.

I hold a Master's degree in History from the Institut Catholique de Paris, which I obtained in 1991, and a Bachelor's degree in History from Paris IV, La Sorbonne, earned in 1989.

With over 3000 PADI certifications, including more than 800 for professionals, as well as various federal training qualifications, I have accumulated experience from over 15,000 dives. I've had the opportunity to teach diving in various locations, including France, the Caribbean, Egypt, the Maldives, Mexico, and Thailand.

I began instructing instructors in 1995, but my true passion is teaching at all levels, although I do have a special fondness for professional training. I predominantly engage in Tec and Sidemount diving configurations.

Diving has always been my dream profession, and the choices I've made in life have allowed me to merge my passion with my career. Today, I reside in Koh Tao and hold the positions of General Manager and Course Director at Coral Grand Divers and Dragon Dive Komodo in Indonesia.

In addition to diving, I have also been extensively involved in skydiving and trekking.

Furthermore, I'm a proud father of five children, ranging in age from 28 to 9 years old."

IDC (INSTRUCTOR DEVELOPMENT COURSE)

Prerequisite

- MINIMUM AGE: 18 years old
- MINIMUM CERTIFICATIONS REQUIRED*: Divemaster who has been a certified diver for six months & Emergency First Response – Primary and Secondary Care – training within the past 24 months
- MEDICAL STATEMENT signed by physician within the last 12 months (Download PDF here)
- MINIMUM LOGGED DIVES: At least 60 logged dives and 100 dives to attend an IE
- DURATION: 15 days internship

*Qualifying certifications from other diver training organization may apply – contact us for details

Why doing your IDC ?

You like working with people, love scuba diving and want an exceptional life? Live the dream and become a PADI Instructor with Dragon Dive Komodo. Start teaching and sharing your love of scuba diving while doing what you adore – always being around, in and under water. Because PADI Open Water Scuba Instructors have completed the program that sets the standard for training dive professionals, they are the most sought-after dive professionals around the world.

What will you learn ?

You'll be able to organize and present information, conduct skill development sessions and control open water dives. Basically, you become a better public speaker and get really good at demonstrating skills while watching out for student diver safety. Key topics include:

- PADI Standards and Procedures for courses you can teach with in water workshops
- Learning, Instruction and the PADI System
- Risk Management and Diver Safety
- The Business of Diving and your role as an instructor
- Marketing Diving and Sales Counseling

Course is given in English with support in French, Spanish and Dutch. We will make sure that you are 100% ready to take the Instructor Examination so you have all your chances to succeed.

But in case you wouldn't pass, you can sign up for the next IDC session for free – PADI fees not included.

PROGRAM

Are you determined to do your IDC?

Here are a few lines about your IDC session for 15 days.

You will start with the preparation of your IDC, review your theoretical knowledge of diving from Open Water to Divemaster (But that is still easy for you, isn't it?)

Then things will become a little more intense! A full review of the exercises from the open water to the Divemaster is waiting for you! Then learns how to teach it in the pool and the sea! You'll learn the theory of diving which you will have to be able to explain in a classroom and on what you will have the evaluation. PADI teaching standards will be taught through several demonstration workshops and explained by your Course Director in the classroom.

Meanwhile, because we are nice people, you will have a day off (We will be happy to welcome you on our daily boat for some fun dive in Komodo's National Park, or you can enjoy a nice sleep-in!)

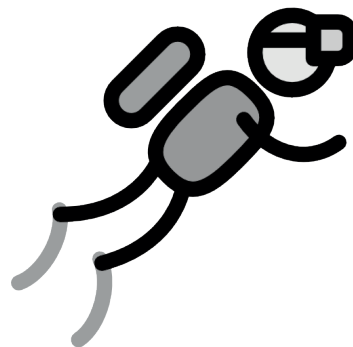

Then, the rhythm resumes and passes to the training of the instructor. The days are linked, it is already the moment of your mock exam!

A few days later, you'll pass your IE. (Instructor Exam.)

You will succeed hands down! Thanks to one of the best training facilities in Komodo.

And finally, we will be proud of you!

So, are you ready?

Why is it recommend to do your MSDT?

Becoming a Master Scuba Diver Trainer will expand your teaching options and employment opportunities. Get the most out of Dragon Dive Komodo IDC with our optional MSDT specialties program. This will allow you to learn how to teach 4 to 5 specialties you love and expand your knowledge and experience.

Specialties you can learn with us?

- | | | |
|--------------------------------|----------------------------|--------------------------------|
| _Adaptive Techniques Specialty | _Aware Turtle Conservation | _Project Aware |
| _Dive Against Debris | _Deep | _Aware Coral Reef Conservation |
| _Drift | _Enriched Air | _Peak Performance Buoyancy |
| _Tec Rec Trimix Blender | _Emergency Oxygen Provider | _Sea turtle awareness |
| _Self Reliant | _Underwater Navigator | |
| _Aware Shark Conservation | _Night Diver | |
| _Wreck | _Sidemount | |

What do you need ?

Equipment :

As a professional diver, having your own equipment is a must. In order to attend the instructor examination, you will need the following:

- Fins, mask, snorkel
- BCD
- Primary regulator with alternate air source
- SPG
- Wetsuit
- SMB
- Diving computer
- A compass
- A knife / Diver's cutting tool

Learning materials :

You should bring the following materials from your dive-master course. If you don't have them, we'll be happy to lend a copy for the duration of your program.

- Padi instructor Manual
- Manual from Open Water to Divemaster
- Discover Scuba Diving cue cards
- eRDPml et RDP (table version) with instructions for use
- Encyclopedia of recreational Diving
- Skin Diver Cue Cards
- Scuba Review cue Cards

You will need to purchase an IDC Crew Pack. *

**** Two types of Crew Pack existing, please contact us for more information, and if you want to order it directly with us, before your IDC session.***

* All PADI fees are subject to changes (prices are always in AUD & USD)

PRACTICAL INFORMATION

For the visa, you can get a Visa on Arrival (tourist visa) at the airport in Denpasar for free. Or you can get a two months Visa for 35 USD, which will be valid for one month, and then you can extend it for one extra month for around 35 USD more. (If you want to stay more than one month in the country.)

Labuan Bajo is located on the West coast of Flores in the NTT region. At Dragon Dive Komodo, we recommend flying to Labuan Bajo from Bali or Jakarta, the easiest and fastest way is by air from Ngurah Rai Airport in Bali.

Depending on the weather, you may enjoy a spectacular view of the NTB (Nusa Tenggara Barat) and NTT (Nusa Tenggara Timur) island groups on your approach into Labuan Bajo.

The most precise information about the current flight connections is best obtained via the websites of the operating airlines, at Bali's Ngurah Rai Airport, or at the local travel/airline agencies in Flores.

The airlines that currently fly to Flores are: Garuda Indonesia, Wings Air, Lion air, Batik Air, Air Asia

Labuan Bajo Komodo is an international airport with direct flights from Singapore starting in September 2022.

- Garuda Ngurah Rai Airport office: +62 361 751011 ext 5216, +62 361 759764
- Wings Air & Lion Air office: (+6280) 4177 8899 ,(+6221) 6379 8000

In addition, Labuan Bajo is considered as a major transit hub and can be accessed via daily car-ferry service from Sumbawa, Bali and Makassar (south Sulawesi).

There is daily public bus service from Labuan Bajo to all major cities of Flores such as Ende and Maumere.
